

# TR 2000 Mod 21

## Hydraulic shower trolley

Hygiene Equipment  
Designed for People

### TR 2000 Multi-tasking shower trolley

TR 2000 hydraulic foot operated shower trolley is unique with side mounted column, allowing the trolley stretcher to overlap the bed further for a safe and easy patient transfer.

The trolley drains in both ends, allowing the person to be positioned in either direction, an invaluable feature for the caregiver.

TR 2000 comes in four sizes: three versions with width 640 mm and length 1600 mm, 1900 mm and 2100 mm. There is also a wide version with the dimensions 695 mm x 1950 mm, if there is need for some extra space for the patient.

The height adjustable shower trolley is a great solution to prevent back injury and minimize static load. It offers a safe and ergonomic working environment for the caregiver.

Registered at Medical Products Agency, Sweden as a MDR Class 1 product according to MDR 2017/745.

TR reserves the right to make design changes and/or improvements without notice.
