

# TR 3000 Mod 21

## Battery operated shower trolley

Hygiene Equipment  
Designed for People

### TR 3000 Multi-tasking shower trolley

TR 3000 battery operated shower trolley is unique with side mounted column, allowing the trolley stretcher to overlap the bed further for a safe and easy patient transfer.

The trolley drains in both ends, allowing the person to be positioned in either direction, an invaluable feature for the caregiver.

TR 3000 comes in three sizes: width 640 mm and length 1600 mm, 1900 mm and 2100 mm.

All versions are available with an onboard battery solution, or with removable rechargeable battery.

The height adjustable shower trolley is a great solution to prevent back injury and minimize static load. It offers a safe and ergonomic working environment for the caregiver.

Registered at Medical Products Agency, Sweden as a MDR Class 1 product according to MDR 2017/745.

TR reserves the right to make design changes and/or improvements without notice.
